

NSTA Term 4 Wrap Up

With term 4 coming to a close and Christmas just around the corner, let's have a look back on the comps and events that have been in action this term.

Congratulations Lindfield East Public School

2022 has been the first opportunity since covid hit for NSTA to hold a complete year of PSC events. With 12 schools competing for the 2022 Champion School, it was going to be very tough battle to see who would take the title. In a very close finish Lindfield East PS managed to just stay ahead of Anzac Park PS to take the title of the 2022 PSC Champion School of the Year!

Over the course of the year, we have seen an increase in the number of participants with junior players keen to play for their school in a fun relaxed environment. NSTA hope to continue to see this growth in 2023.

Many are experiencing their first ever tennis match and NSTA are proud to be able to provide this opportunity for primary school age players.

Across the year we have seen some great matches but most importantly junior players are enjoying their tennis. I would like to thank all NSTA staff who worked throughout the year who bring enthusiasm and a positive attitude to the events. NSTA wish the Year 6 students moving to high school all the best and hope they continue to play and enjoy their tennis.

Family Challenge

This event would have to one of the most popular, not to mention fun events we do here at NSTA. It is the only time family members of different standards can pair up together to enjoy an afternoon of tennis. Mums, dads, grandparents, aunts, uncles, brothers and sisters all jump on court to battle it out. Good news.. next year we have more family challenges planned!!

Congratulations to all finalists.

Sydney Junior Team Tennis

We could not have asked for better weather for finals day on Sunday Dec 11. We had a number of close matches which were decided in the last set. Parents and spectators were able to sit back and enjoy the tennis while taking advantage of the BBQ NSTA had provided. Many of these players have played for multiple comps and it has been very rewarding to watch them develop and improve as players. Finals day always has a great atmosphere. Glenn Knox runs a superb BBQ! Jacquie Cowdrey has been a huge support for players and parents throughout the year whilst supervising at Talus St. SJTT continues to be a positive step on the TNSW pathway for junior players and helps to keep tennis thriving within the local area.

Court re-surfacing at Talus St

If you have recently visited Talus St, you may have noticed that the court re-surfacing has commenced on courts 5 & 6. This is a very welcomed upgrade to provide players with improved facilities at Talus St. Courts 5-8 will be re-surfaced and ready for the 2023 NSTA Championships that will kick off in February. Along with the re-surfacing, fencing and general garden upkeep has been attended to. The NSTA committee is committed to keeping Talus St looking it's best.

Night Comp and Saturday Comp

Night comp and Saturday comp numbers have increased again this term. With a variety of formats, these comps continue to provide competitive matches for the more experienced players or a more social approach for the casual player. Both comp formats have also become an option for advanced juniors wanting to progress their game by playing against adults. With the local community always looking for more tennis to improve their game and fitness, we hope to see participation increase in 2023. There are number of teams/players who regularly play in NSTA comps. We appreciate your continued support and hope to see you all back next year.
